## British Statesmen Now Hope

That Diplomatic Barriers May Be Overcome  
Through Private Sources to Prevent Steps  
Being Taken Towards Arbitration.  
Baron Hayashi Talks.

London, Nov. 11.—The despatch of the Associated Press from Washington confirming the statement made in these despatches that Japan had indicated her willingness to entertain peace suggestions from President Roosevelt or King Edward created much interest here. Baron Hayashi, the Japanese minister, said today:

"After the fall of Port Arthur Japan would, I believe, be ready to treat for peace on no higher essential basis than that Russia should evacuate Manchuria, Japan also agreeing to a similar evacuation. The two great difficulties in the way of any suggestion of peace are, first, the apparent opposition of Emperor Nicholas' present advisers to a settlement of any kind; second, the preservation of Russian prestige. Even a nation's prestige if not gone, is severely impaired, and it is a difficult matter even with the best of intentions to preserve it."

The Associated Press learns that Queen Alexandra has been in constant communication with the Dowager Empress of Russia and Emperor Nicholas himself during the last few days. This is interpreted here as a hopeful sign and possibly likely to lead, though not in the immediate future, to the establishment of some modus vivendi, whereby steps looking to arbitration might be initiated without offense to Russia. The reiteration of the American state department's determination not to intervene except on requests from both of the belligerents tallies with the official attitude of the British government but it is thought that before long some method may privately be devised whereby this diplomatic barrier to action will be overcome. Baron Hayashi this morning had no news from Port Arthur and discredited the rumors of its capitulation.

St. Petersburg, Nov. 11.—It is considered significant that the Russian newspapers ignore Lord Lansdowne's suggestion regarding Russo-Japanese arbitration. They appear to be more concerned with his utterances on the subject of the punishment of the Russian naval officers concerned in the North Sea incident, which they regard as premature, declaring it will be time enough to talk of punishment when the commission establishes their culpability.

Mukden, Nov. 11.—There was a heavy exchange of artillery fire yesterday at the Russian right center. The Russian batteries began shelling Japanese trenches and the Japanese batteries responded.

During last night Russian volunteers dislodged a detachment of Japanese

infantry from trenches in front of Lone Tree Hill. The Japanese continue to show activity on the left wing without, however, engaging in any serious movement. Comfortable dugouts are being built along the Russian lines and the soldiers seem to think that they will winter where they are. The idea that Field Marshal Oyama contemplates an attempt to take Mukden is not generally entertained. Both sides seem content for the present with a suspension of hostilities. Warm clothing is being distributed among the troops.

**Russian Jews Pleased.**  
St. Petersburg, Nov. 11.—The Russian Jews are greatly pleased with the reception accorded by Interior Minister Sviatopolk-Mirsky to a deputation of their co-religionists on which occasion it was announced that the ideal at which was aiming was equality for all the elements of the population of the empire. Evidences also exist tending to show that it is the purpose of the minister to reverse the Von Plehve policy regarding the Armenian church property and the management of the Armenian schools, which have again become independent and it is believed that this will be followed by the restoration of the church funds.

**Still Unbelligerent.**  
St. Petersburg, Nov. 11.—A despatch received here today from General Sakharoff announced that last night passed quietly. He also reports that there were a couple of unimportant out-post affairs the previous day.

**Taube Will Advise.**  
St. Petersburg, Nov. 11.—Baron Taube, who is connected with the foreign office, has been designated as Russian judicial adviser to the international commission which is to inquire into the North Sea incident.

**LIBERALS**  
Believe That Their Flag Has Now Been Planted.

St. Petersburg, Nov. 11.—The meeting of representatives of the provincial Zemstvos next week is attracting intense interest. Nothing could better illustrate the changes in Russia than the freedom with which the newspapers are discussing the internal conditions. The liberals believe that their flag has now been planted and that the present movement cannot be stopped. The Russ declares it is essential that means be afforded the nation to freely express its needs. The past efforts in this direction, it contends, were still born because the elective principle of choosing representatives to voice the wishes of the people had been neglected.

## TAGGART IS GOING TO REMAIN CHAIRMAN.

There Are No Heart Burnings, No Recriminations in Democratic National Committee,  
Except General Regret Over Defeat.

New York, Nov. 11.—Thomas Taggart, chairman of the democratic national committee has no intention of resigning his post, according to a statement made today. Mr. Taggart said the utmost harmony exists among the members of the committee and that they see no necessity for reorganization of the party. He has no excuse to offer for the overwhelming defeat of the national democratic ticket and believes this is no time to consider either candidates or policy for the campaign four years hence.

"I have returned to New York the same as I left, a democrat," he said. "No man, no policy, nor any platform would have stopped the cyclone in

favor of Roosevelt. There is no accounting for cyclones. Neither party had expected it, nor did either have a line on it.

"The utmost harmony exists among the members of the committee and there is no need for reorganization. There are no heart burnings, no recriminations, excepting the general regret for the defeat of our candidate. I have no intention of resigning. The national headquarters will be at Indianapolis and at French Lick, Springs, Indianapolis is my home, you know, and I have business interests at the Springs. Its too early yet to talk politics and presidential possibilities four years hence."

## WITH NEITHER PROVISIONS OR

Water, Schooner With Crew of  
Twelve Was Running Help-  
less Before Gale.

New York, Nov. 11.—A small schooner bearing the name G. H. S. with a crew of twelve men, far out of her course, with neither provisions nor water and running helplessly before a gale of hurricane force was sighted and given assistance by the Atlas line steamer Valencia on her last outward voyage from this port. The ultimate fate of the little craft and her crew was not known to the officers of the steamer when they arrived here from Hayti today and reported the occurrence. None of the line registers available in this city have any record of a schooner named the G. H. S. The craft was found from Long Cay on the Condras coast to Inagua in the Bahama Islands.

### TWO MINERS KILLED.

Springfield, Ills., Nov. 11.—Two miners were killed today by an explosion in the mine of the Peabody Coal company at Sherman, ten miles north of this city and the ware-room and tipples were destroyed. None of the 500 other miners in the mines at the time was injured.

### GUESTS OF RIED.

Washington, Nov. 11.—The German ambassador and the Baroness Speck Sternburg left here today for White Plains, N. Y., where they will be the guests over Sunday of Mr. Whitefaw Ried.

### BROKERAGE FAILURE.

Boston, Nov. 11.—The Federal Stock and Grain company, a brokerage concern having sixty offices in various cities of the country, assigned today for the benefit of its creditors. The main office of the company is in this city.

The company was one of the largest concerns not connected with any stock exchange, doing business in the east. Its capital was \$200,000 and it had five offices in this city. Its out of town branches were scattered throughout this state, Connecticut, Maine and Rhode Island. It is said that the concern did an enormous business last year with profits in the mines. Recently, however, the rise in stock prices proved disastrous and on Monday certain branches including that at Worcester were notified by the Boston office, that an additional five per cent margin would be required on all stocks carried over election day. It is understood that the Worcester office failed to meet this condition and on Monday night suspended payment. Other branches having also failed to respond to the order the assignment became necessary.

### JAPANESE WILL INTRODUCE THEIR METHODS.

San Francisco, Cal., Nov. 11.—Five Japanese, the advance guard of a colony of forty or fifty families have arrived by the steamer Manchuria on the way to Dade, Fla., where they intend to cultivate 67,000 acres of land. The colony will raise silk, cotton, tobacco, and pine apples and experiment with them.

### CLOUDS ARE GATHERING AGAINST THE SHERIFF.

Gomel, Russian, Nov. 11.—Council for the Jews, in the trial of the persons charged with being responsible for the rioting of September 14, 1903, are securing many admissions from individual policemen and gendarmes tending to show that Sheriff Borishoff prevented the police from firing on the Christian rioters and that he ordered the arrest of Jews who were defending their property.

### BULLETIN.

Chicago, Nov. 11.—An apparently straightforward story convicting his own father of murder had a remarkable sequence today in the discharge of the alleged murderer, John Wiltrax. The boy when taken from the influence of the police, repudiated the testimony given and stated that his accusations against his father were made under stress of fear. The reversal of the boy's evidence was due largely to the intervention of Peter Van Vliessen, a wealthy Chicagoan, who became convinced that the case against the father was groundless. Mr. Van Vliessen personally took to his home with the Wiltrax family and gradually learned the truth.

### VERY ECONOMICAL.

Albany, N. Y., Nov. 11.—Judge D. Cady Herrick today filed with the secretary of state, a statement of his campaign expenditures. He says he contributed \$1,000 to the Albany county democratic committee and spent \$500 more for photographs, traveling, stationery, etc.

Either Way Over In  
Maryland.

So Far In the Count Roose-  
velt Keeps About That  
Far Ahead.

Attorneys for Both Parties Are  
Closely Watching the Count,  
and a Fair Enumeration  
Is Assured.

Baltimore, Nov. 11.—The official counting of the ballots in Baltimore and the counties of Maryland was resumed this morning and will continue uninterruptedly until finished. So far fifteen wards of the 24 Baltimore wards have been counted and it will be tomorrow or Monday before the count in this city is completed. In the twenty-three counties of the state about one third have been counted and it will probably be late tomorrow or Monday before all of them are heard from. So far the Roosevelt plurality keeps about 100 ahead with the indication that ex-governor Brown (Dem.) has been chosen elector, along with seven republican electors. Should the final findings show a plurality for Parker it is almost certain that Chas. Bonaparte (Rep.) will be one of the electors with seven democrats. This unusual circumstance will result from the fact that the names of Brown and Bonaparte were the first on the democratic and republican tickets respectively, and many voters by mistake placed their votes opposite these electoral candidates. Both Bonaparte and Brown will probably run over 100 ahead of the other electors.

The count in this city and state is being very closely watched by attorneys representing the republican and democratic managers and a fair enumeration seems assured. Both sides are claiming the victory.

Congressman W. H. Jackson, who on the face of the returns in the first congressional district was defeated by Thomas A. Smith, democrat, has announced that he will contest the seat on the ground of fraud.

## GROWS KIND IN GOOD CAUSE.

Senator Proctor Gives Twenty  
Thousand Dollars To Establish  
Home for School Teachers.

Rutland, Vt., Nov. 11.—Senator Redfield Proctor has announced that he will give \$10,000 in cash and the house in this city in which he was born, valued at \$10,000, for the establishment of a home for indigent and worthy public school teachers who have passed the age of usefulness.

It is probable that this sum will be combined with a fund of \$50,000 which was left by Lucy Ruggles, of Bennington, in the care of Charles H. Darling, assistant secretary of the navy for the same purpose and that an additional amount will be appropriated by the state.

### IDLE TUBE PLANT TAKEN BY INDEPENDENTS.

Pittsburg, Nov. 11.—The idle plant of the Carnegie Tube Company at Carnegie has been leased by Byers & Company, independent tube manufacturers, and the plant will be put in operation at once.

The plant has been closed down two years owing to poor business and sharp competition. The resumption will give employment to five hundred men.

### FLOATED HER.

## POSTOFFICE DEPARTMENT

For Year Ending June 30 Shows  
Deficit of Over Eight Millions  
Dollars.

Washington, Nov. 11.—The annual report of the auditor for the postoffice department shows that the business transacted through the postal and money order branches of the department during the last year were:

Revenues of the postal service \$142,582,364; expenditures of the postal service \$152,362,116, total amount of money orders issued:

Domestic \$383,452,272; foreign \$37,376,265; total amount of money orders paid:

Domestic \$385,100,020; foreign \$6,714,846.

The deficit in the postal revenues, therefore was \$8,779,492.

For Terms of the New  
Loan.

Object To the Rate of Interest  
Named Which is Four  
Eighty-Seven.

One Half Loan Is to Be Placed in  
This Country, and Proceeds to  
Remain Temporarily in  
American Banks.

Tokio, Nov. 11.—10 p. m.—A majority of the newspapers of Tokio sharply criticize the terms under which the new Japanese loan has been placed in London and New York. They pronounce the rate as being too high, considering the amount of loan is comparatively small. The Asa Hi Shimbun expresses the opinion that it was unwise to place the loan before the fall of Port Arthur.

The new Japanese loan is for the amount of 60,000,000 dollars, half of which will be offered in London and half in New York. The price is to be 90%, with interest at six per cent. The loan will be secured by a second charge on Japanese customs dues. A despatch from London November 8, said that the dealings in the loan had already commenced at 1/4 premium. It was definitely stated in New York Wednesday last that Kuhn, Loeb & Co. of that city had organized a syndicate to finance one half of the loan.

### Banks to Profit.

New York, Nov. 11.—Half of the new \$60,000,000 million to be offered in this market by Kuhn, Loeb & Co., will be payable, interest and principal here at the fixed rate of exchange—\$1.87 per pound sterling. Assurance has been given the syndicate managers that the Japanese government will permit the proceeds of the loan to remain on deposit in New York banks, "Subject to the requirements of the Japanese governments."

### CONCEDE EVERYTHING.

Parkersburg, W. Va., Nov. 11.—The democrats have conceded everything to the republicans in West Virginia, including the five congressmen and the legislature. The only dispute is on the size of the majority of Dawson for governor. Republicans claim it will be 10,000 while the democrats say that it will be 5,000.

### STARTED BY BURGLARS.

Dallas, Texas, Nov. 11.—Fire today damaged the dry goods establishment of W. A. Green & Co. to the extent of \$65,000; insurance \$40,000. The fire is believed to have been started by burglars.

# REIGN OF TERROR IS

Existing in Mountain Town of Virginia  
Over Killings.

## Large Posse Organized To

Capture the Jacksons Who Yesterday Assas-  
inated Sheriff and His Deputy, and Then  
Captured the Town, Later Escaping  
to the Mountains for Safety.

Charleston, Va., Nov. 11.—As the result of the killing of Constable Walter Jackson in Montgomery by Policeman Elliott on Wednesday and the subsequent capture of the town by the four brothers of Jackson at the head of about forty of their friends, a reign of terror exists there. The mayor, being helpless, appealed to Sheriff Daniels yesterday. When Sheriff Daniels and John Rolf were killed by Ed. Jackson yesterday the saloons were all closed and Governor White was asked to send troops.

The governor replied he would hold troops in readiness, but advised forming a large posse. If the posse should meet with serious resistance troops will be sent to their relief. The Jackson followers escaped to mountain strongholds with which they are familiar. Ernest and Bob Jackson were arrested and brought to this city by deputy sheriff Davis and others and placed in jail. A posse headed by Marshall Nash, is scouring the mountains near Montgomery. Two blood hounds were placed on the trail today. The officers in Montgomery fear further trouble as sentiment against the slayer of Daniels is strong.

Before the murder of Daniels the sentiment was with the Jacksons against policeman Elliott. Elliott is in the custody of chief Hurdler at the Ruffner Hotel. A relative of Jackson appeared at the hotel and at-

tempted to reach the room of the policeman. He was prevented by the reports from the posse today are that Ed. Jackson was chased into a cave last night, when it was decided to wait for day light for his capture. Although the place was surrounded during the night, Jackson escaped, and was reported at large today. The posse has been increased to 350. Meanwhile the friends of Jackson are reported to be openly organizing in Montgomery and swearing vengeance if Jackson is lynched or killed without being given a trial.

### EXCITEMENT

For Miles Around Montgomery Is  
Very Intense.

Charleston, W. Va., Nov. 11.—The excitement for miles around Montgomery is intense because of the trouble expected after the capture of Jackson. Deputy Sheriff's are being sworn in from adjacent counties and are hastening to the posse to prevent lynching or any violence if Jackson is taken alive and also to prevent any attempt of Jackson's friends to rescue the prisoner. It is feared by some that those who terrorized the hamlet of Montgomery yesterday with the Jackson brothers may cause more trouble while many citizens are away with the posse. A reward of \$10,000 has been offered for Jackson, dead or alive.

## "KATY FLYER" IN BAD WRECK.

Every Surgeon at Parsons, Kas., Was  
Hurried to the Scene.

While Running Forty Miles an Hour Engine  
and Tender Jumped the Track. Fireman  
Killed Ten Passengers in Smoker  
Injured, Two Seriously.

Kansas City, Mo., Nov. 11.—The North bound Missouri, Kansas and Texas passenger train, known as the Katy Flyer, due in Kansas City at 7:40 this morning from Texas and Oklahoma points, was wrecked at South Mound, Kas., eight miles north of Parsons. Every surgeon at Parsons was hurried to the scene. At the offices of the railway in Kansas City, no details of the wreck had been received up to 11:30 a. m.

Later.  
One person was killed and ten were injured, two seriously. The dead: JOHN FARRELL, Parson, Kas., fireman.  
Injured:  
N. W. Wilson, negro porter, Hills-

boro, Texas, probably fatal; L. D. Montgomery, Dallas, Texas, internally injured, serious; Engineer Lydick, of Sedalia, Mo., was cut about the face and head and seven passengers were bruised, it is thought none fatally hurt.

The train was running at the rate of forty miles an hour when the tender jumped the track, carrying with it engine, baggage car, combination baggage and mail car, combination smoker and coach and two regular coaches. All the coaches remained upright. The injured passengers were in the smoker, which was badly damaged. Five other cars kept the track and the passengers in them escaped with bruises and a severe shaking up.

## REVISED RETURNS KEEP ON INCREASING.

Roosevelt's Majority in the Buckeye State.  
Unofficial Reports Now Make it 250,937.  
Dick's Poll Showed 102,000.

Columbus, O., Nov. 11.—Revised unofficial returns from every county in Ohio, received up to noon today at the republican state headquarters, indicate that Roosevelt's majority in Ohio will be in the close vicinity of 250,937. This figure exceeds the poll of the state, taken at the order of Chairman Dick by 148,000.

Figures from the various counties show an unprecedented falling away of the democratic vote, and the indications are that the total vote of that

part polled on the 8th instant will be but little, if any, in excess of 300,000. In 1903, when Tom L. Johnson was defeated by 113,000 majority by Governor Herrick, the total democratic vote was 361,718 and in 1894, when Hon. S. M. Taylor was elected secretary of state by 137,000, the democratic vote was 276,902. The vote will be the smallest for the democracy in ten years.

The total vote will be about 1,000,000, a reduction of 49,000 from the last presidential election.

Warren McLaughlin, the champion tennis player of Ohio, and one of Lima's most enthusiastic supporters of clean athletic sports, has accepted the captaincy of a basketball team that will represent the Y. M. C. A. He has plenty of good material to choose from and will give the other institutions in the state that have representative teams a battle for championship honors. In all probability the White Stars and Mr. McLaughlin's team will test their skill to the local honors for the season is far advanced.

## GETTING

Tired of "Tomorrow" Plan.

South Siders

Want Bank Matters Adjusted at Once.

But Will Have to Await the Slow Process of the Law.

One Wedding Mentioned - Reunion of the Kennedys - Other Matters of Interest in Brief Form.

It looks, now, as though trouble is brewing on the south side, over the South Side bank affairs. The failure of the Buckeye Printing Co., and the late developments in regard to the South Side Lumber Co., both of which were connected in a way with the bank, is looked upon as an exceedingly queer piece of business by many of the depositors of the bank, and by south side people in general.

In an interview with one of the heavy depositors last evening, he said, "We are getting together (the depositors) and will organize for the purpose of thoroughly investigating these transactions. We are tired of being bluffed into submission and put off from day to day. There is something rotten, and we are going to find out who is the guilty party, or parties. Every dollar the majority of us have on earth was placed in the care of Leighton and Churchill, and they must 'dig up' or we will know the reason why."

Transactions of the Deweys and Leighton in the Lumber Co. deal, and of Leighton and others in the printing office deal looks unbusiness-like, to say the least. They promise to open the bank "tomorrow," but we have begun to realize that the old saying "that tomorrow never comes" is true. We want our money, and this thing of being told to "keep our shirts on and we will get it, is getting stale."

In the Lumber Co. insolvency deal, Attorney Bentley, in behalf of clients,

makes the allegation that the Deweys and Leighton sold their interests to a Mr. Radabaugh, who paid part cash and traded certain properties therefor, but instead of selling this property and paying just and honest claims standing against them, it is alleged they divided it up amongst themselves. This is one thing that has ruffled the minds of south side depositors against the bank officials.

Another depositor said, this morning: "Did you know that we are up against a family affair? Well, I was told this morning, and have heard it rumored before, that Leighton is a son-in-law of Dewey, Sr.; that Churchill is related to Leighton, and that even the expert accountant sent here to investigate the books, is a cousin to Churchill. Then to make matters worse, they had one of their own crowd, it is alleged, appointed as receiver. They stick together well, but we don't know this to be a fact. Say, why couldn't the Deweys and Leighton have made the Lima Savings and Trust Co. their preferred creditors, instead of the Toledo concern. Looks bad, don't it. We depositors should have taken action against Leighton and possibly Churchill in that bank business right in the start. They certainly knew the bank was in bad shape, but they kept on taking the people's money just the same; and it looks to me as though there had been monies appropriated in a decidedly illegal way. We are organizing, and have an attorney engaged who is not interested in the bank, and we are going to find out who is to blame, and you just bet that if there are guilty parties they will be made to suffer, money or no money."

Several others were interviewed, but as some of their utterances can not be published, for legal reasons, the writer will just say that within a few days something else will drop, if the words of those interested are to be relied on, and they are evidently in earnest.

## Quiet Wedding.

Miss Bertha McGuire, daughter of Mr. and Mrs. J. W. McGuire, of south Main street, was married Wednesday evening to Marlon F. Newland, Rev. W. M. Curry, officiating. The bride was a saleslady at the Lima Dry Goods Co.'s store, and the groom an employee of the C. H. & D. shops.

## New Business.

South Lima is to have a candy kitchen. Crossley brothers have leased one of their rooms, 723 south Main street, to a Mrs. Wise, of Toledo, who will put in a stock of candies and fruits.

## Related in South Lima.

The following obituary, taken from the St. Marys Argus, concerns the Kennedy-Arnold families in South Lima:

"Bert Brewer, aged 29 years, 8 months, 6 days, son of Mrs. L. C. Brewer, died at the home of his mother, three miles north of St. Marys on Sunday morning, from a severe attack of typhoid fever. The disease was contracted in Indiana, where Mr. Brewer was employed in the oil field. He was brought to the home of his mother a week ago. Deceased was a member of Shawnee Lodge No. 75, I. O. O. F., of this city and was highly respected by all who knew him. The funeral took place from Walnut Grove church on Wednesday morning at 9:30 standard time under the auspices of Shawnee Lodge. Funeral cortege left the house at 9 o'clock. Burial in Elmgrove cemetery."

Kennedy, of Spencerville; Mrs. Eliza Parrot, of near Mendon; Mr. and Mrs. Wm. Pierce, of near Celina, and the J. B. Kennedy family.

## Error Corrected.

The head line "Samuel Smith Dead" in yesterday's South Side column, should have read "Samuel Smith Dying." The young man is still living, but is slowly sinking. This morning Mrs. J. S. Smith left for Pickerington to join her husband at the bedside of his son.

### WEATHER.

Washington, Nov. 11.—For Ohio—  
Fair tonight; Saturday, fair, with ris-  
ing temperature.

A serious problem now confronting  
the political leaders of Ohio is this:  
Who is responsible for the victory  
in Ohio, Dick or Foraker?

In case no solution can be reached  
it may be decided that the people had  
something to do with it.

If Roosevelt hopes to break up the  
spoils system he will have to kill off  
a few Foraker republicans in North  
western Ohio, for only when they are  
dead will they give him any peace.

"The Hanna boys must go" is their  
slogan, and they are going to carry  
the war on to Washington, and it  
won't go there by freight either.

The president has issued his first  
edict, and it puts everybody off the  
bond wagon but, Teddy. He frankly  
informs the boys that there is going  
to be nobody in it but the Rough  
Rider president.

This will be good news for the pres-  
ent postmasters at La Fayette and  
Buffton. Merit and not partisanship  
is to rule in the future.

### THE IDLER.

Wm. Grant writes from Sacramento,  
Calif., that he has moved from Lima  
to that city and has employment with  
the Union Pacific railroad. He says  
they like it quite well, the weather is  
fine and they are both well.—Ada Rec-  
ord.

A class of nine from Ada had the  
Knight Templar degree conferred upon  
them by Shawnee Commandery, of  
Lima, Thursday of last week. The  
neophytes were Mayor Greer, Prof.  
P. P. Stewart, Clyde Sharp, C. E.  
Rhonemus, W. W. Runser, N. W. To-  
bias, P. M. Ramsdell, Homer McClel-  
land and Dale Bentley.—Ada Record.

A prominent local republican said  
yesterday in discussing the result of  
the election with a Times-Democrat  
man said:

"This country is rapidly tending to-  
ward a monarchical form of govern-  
ment. Why, strong a republican as I  
am, I honestly believe that if Roose-  
velt were to declare himself emperor,  
one-third of the people of this country  
would throw their hats in the air and  
shout acclamation. That I know the  
wealthy class would do, because that  
is what they want the country to  
come to."

It is reported from Kenton that  
Supt. Britton, of the public schools,  
has tendered his resignation, and is  
contemplating accepting a position  
with the American Book Co. Prof.  
Britton is one of the rising educators  
of the state and the board of educa-  
tion of Kenton will hold a special  
meeting to decide what can be done  
to retain his services.

Stewart Moore and Earl Bressler  
have formed a partnership and enter-  
ed into the poultry business on a  
money-making scale. They have fit-  
ted up convenient and cozy quarters  
at the Moore house, on west North  
street, and will adopt the modern  
methods of providing "springers" for  
the rich man's table. Predictions  
hat eggs and poultry will bring high-  
er prices in the market this winter  
than ever before is an encouragement

Of Lineman Curtis E. Bressler,

Who Was Injured By a Fall With a Telephone Pole at Van Wert.

Remains of Bressler's Unfortunate Companion Lineman Are Taken to Napoleon, O., for Burial.

The detailed story of the unfortunate accident at Van Wert, which was told in brief in the Times Democrat last night, appears in the Van Wert Bulletin.

An accident which sent one man into eternity, without a moment's warning and maimed and crippled another, occurred last evening, at about ten o'clock, near the corner of Shannon street and Leeson avenue. The fatal construction Co., of Lima, has a large force of men at work here changing the Home Telephone Company's service from the old to the automatic system. The old poles and wires are taken down and cables, in some places underground and in others overhead and on taller poles are substituted. The task is one of large proportions keeping many of the line men most of the time, at work on the overhead cross bars in a network of wires. After a new pole is erected and firmly set the old pole is sawed off near the ground and lashed with wire to the new pole. Two linemen then ascend the old pole release the wires and the men on the ground take them up and cart them away. A pole on Shannon street near Leeson avenue had been, at some time, since the work was begun, sawed off but was not lashed to the new pole at its side. Arthur Croebarger and Curt Bressler ascended the pole not aware that it was sawed off and was held in position only by the many wires strung on the cross arms. Bressler was snapped to the pole by a snap it belt. Croebarger was at work among

the wires without a precaution of the kind. One wire after another was snapped off until there were none left to support the pole, which went down with a plunge, the terrific momentum shooting Croebarger through the air like an arrow. He came down head first on the hard ground the force of the fall and the weight of his body crushing his skull into his brain. The body was picked up and carried into the home of J. H. Gunsett and hurried messages and messengers summoned Drs. Files, Tuttle, Richison and Kreider. Others went to the rescue of Bressler, who suffered a fracture of one leg and many bruises. He was taken up and carried to his home at the corner of Sycamore and Cherry street, where he was given medical attention and every manner of assistance that willing hands could bestow. It was the unanimous opinion of the attending physicians that Croebarger had passed beyond the pale of human skill, and this was confirmed. He died two hours after the accident occurred, without having regained consciousness. The remains were conveyed to Vore's undertaking rooms and prepared for burial and later were conveyed on a train this morning to his home at Napoleon, Ohio, for burial.

Arthur Croebarger was aged about twenty-three years, and with his wife and two children was living with Mrs. Cole at the southeast corner of Jackson and Shannon streets, making this his home while he was employed on the work in hand.

Curt Bressler came here from Lima some months ago, and has his home at the corner of Sycamore and Cherry street.

The large force of men was deeply moved by the accident and in the kindness of their hearts did all in their power for the afflicted family, so suddenly bereft of its protection and support. A purse of fifty dollars in cash was donated by them, a beautiful floral offering was laid on the casket and he joined in a half holiday as a mark of respect for their fallen fellow workman.

Word was received from Van Wert this afternoon announcing that Bressler's condition has improved and that hopes for his recovery from his injuries are now entertained. His relatives, who were summoned from this city yesterday, when it was announced that he was thought to be dying, are still at his bedside.

**DRAINED**

Down By the Failure Of the Bank.

South Side Lumber Company Goes Into Bankruptcy.

Attorney Bently Instituted Proceedings at Toledo Yesterday, Where Several Creditors Reside.

There is a time, in the wording of the old proverb, when "patience ceases to be a virtue," and it is in the air on the south side that some definite action is likely to be taken by the depositors in the furtherance of their interests now tied up in the defunct bank. The failure is a severe blow to that section of the city in particular, and it is but natural, in the light of recent events, that the business men should demand fair play.

The bank's failure has precipitated other concerns into the channels of the courts, two such actions following in the wake of the downfall of the Buckeye Printing &amp; Supply Co. Yesterday Attorney Bently made a trip to Toledo where he instituted bankruptcy proceedings on the behalf of the South Side Lumber Co., a concern in which officials of the bank are interested. The heaviest stockholders are Mr. Dewey and his son-in-law and President Leighton.

There was a transfer of the company's interests a short time ago to Mr. Rodebaugh who gave, in addition to a cash payment some real estate including two residences on west High street, in one of which Mr. Leighton now lives. The transfer is complicated by a number of unpaid claims although it is said that the price paid was sufficient to have met all liabilities if the money had been directed into those channels.

There are a number of Toledo creditors and as they were made preferred parties. Other creditors forced matters to an issue and several local attorneys have been engaged to look after individual interests in the final settlement of the Lumber Co's affairs.

**A Life Saved**

In An Accident On the L. E. &amp; W.

By Reason of a Slight Improvement That Had Just Been Made.

Passenger Engineer Hickok Parries Just In Time to Be Missed by a Flying Siderod—The Railroads.

Passenger engineer R. B. Hickok of the L. E. &amp; W. had a narrow escape from death or serious injury yesterday before yesterday. He was pulling a passenger train on the west end with engine No. 49 when the siderod on the right side of the engine, broke. He was knocked off of his seat box and the right side of the cab was slashed into splinters before he could bring the train to a stop. The engine is now at the shops for repairs.

Engineer Hickok attributes his escape from frightful injuries or death to a change he had made in his position at the throttle and reverse lever on that trip. He had just had a new footrest put on beside the quadrant on his side of the cab and by adjusting himself comfortably with the use of the new footrest he was in a position nearer the side of the cab and was missed by the flying slashing rod. Had he been in his usual former position he would have been hit by the siderod.

# REPAIR

Work Must at All Times

Continue to Be

The Chief Work of the Navy Yards.

Rear Admiral Capps Recommends That Equip Yards For Building Vessels.

Many Improvements Suggested But Estimate of Cost of Work Is Not Included in Report Made Public Today.

Washington, Nov. 11.—Although recognizing the desirability of having some of the government yards equipped for building naval vessels of the largest size, Rear Admiral W. L. Capps, chief constructor of the navy, in his annual report published at the navy department today says that "The repairing and overhauling of the fleet must at all times remain the important work of navy yards and in time of war their resources will be taxed to the utmost in performing such work." The navy, he says, is increasing so rapidly that ample work will be provided for the navy yards by "repairs and refits" alone. Of the work on the battleship Connecticut built at the New York yard, the chief constructor says that despite every effort to reduce the cost of this first battleship to be constructed in a navy yard on the most economical basis, "it can hardly be hoped that the work will be done as cheaply as when performed in private ship building yards, whose rates of pay for nine hours work are, in many cases, less than those being paid for eight hours work at the navy yard at New York. It may also be noted that private ship yards do not pay their per diem employees for holidays or when on leave, as a very large proportion of per diem employees on the Connecticut receive pay for fifteen days leave and seven public holidays during the calendar year without any work being done in return therefor. He says the satisfactory results obtained with the Connecticut have caused unusual effort.

He calls attention to the necessity of building docks for the big ships at the several navy yards.

Mr. Capps earnestly recommends that the department permit the detail of three officers of the construc-

tion corps as assistants to the bureau of construction and repair. Many improvements in navy yards are recommended but the estimated cost of this work is not included in the portion of the report made public today.

**A POLICEMAN'S TESTIMONY.**  
J. N. Patterson, night policeman of Nashua, Ia., writes, "Last winter I had a bad cold on my lungs and tried at least half dozen advertised cough medicines and had treatment from two physicians without getting any benefit. A friend recommended Robert's Honey and Tar and two thirds of a bottle cured me. I consider it the greatest cough and lung medicine in the world."

## HOW TO WIN A JOB.

Prof. W. G. Bowdoin, author of "Book Plates" and other special art volumes, did not always enjoy the success he now has. He tells a nervous incident in connection with his first magazine appointment.

"It was this way," he said, "I tried to get on the staff as art editor, critic and contributor, but neither owner nor editor took much notice of me. One day I got my dander up. I went into the office, saw an empty desk and ordered the office-boy to clean it for me. I dictated to the stenographer nearly all day. The rest of the staff listened and seemed interested. The next day they appealed to me for orders. I gave them. The editor sent me out on the third day for an art essay. Near the end of the week the owner happened in.

"Say, Bowdoin, how do you like your job?" said he with a twinkle in his eye.

"First class," I replied, "all but the salary."

"Don't worry about that," he answered, "I'll give you the same as the last man we had."

## CALIFORNIA ARROW GONE.

Inventor Packs His Dirigible Balloon and Shoots for the Pacific Coast.

St. Louis, Mo., Nov. 11.—Following a discussion at the Aerodrome, over the question of compensation, past and prospective, for airships at the world's fair, Captain Baldwin, inventor of the only aerial craft that has succeeded in accomplishing anything of importance at the exposition, has packed his dirigible balloon, the California Arrow, for shipment for San Francisco, Cal., and has left the World's fair grounds himself. He was accompanied by his brother, Samuel Baldwin, of Quincy, Ill., who has been associated with him in his aeronautic enterprises. Baldwin's departure followed a conference with H. F. McGarvey, manager of special exploitations for the World's fair. What took place at the conference is not known.

St. Louis, Mo., Nov. 11.—Aeronaut Baldwin, who later in the day was seen in the office of manager McGarvey, said: "There is no friction whatever between the World's fair management and myself. I have filled my part of the contract with the exposition people and am satisfied with the observance of their part of it. I am anxious to get home and make some improvements on the machine, which I find are necessary, but have decided to stay and observe the flights of the other air ships scheduled to go up before the close of the exposition."

## SMITH & NIXON PIANOS.

What a Smith & Nixon Piano is—The Smith & Nixon Grand In An Upright Case Is the Only Piano Of Its Kind in the World.

It has no equal. It has no competitor.

There can be no other like it, because its distinguishing features are protected by patents.

It is the only upright piano from which you can get the musical quality of a Grand.

The entire secret is in its interior construction. Outwardly it appears the same as any high-class Upright. But in its interior it is different. It is constructed upon the same system as the three cornered parlor grands. Touch a key, and rich, full, resonant sound will at once proclaim its wonderful qualities.

The result is just what you would expect from a grand.

It has no sacrificed harmony for space after the fashion of the Upright. The most difficult phrasing and expression are easily produced upon it.

The cause of this perfection of tone and resonance is that the sounding board exactly fits the scale, leaving no margin for deadening influence or flatness.

Its vertical position as contrasted with the horizontal of the Grand has been acknowledged by experts to be conducive to purer qualities of tone and resonance.

If you wish to purchase an instrument which combines all the perfections of a thoroughly satisfactory piano, you need the Smith & Nixon.

These celebrated pianos are sold only by B. S. Porter & Son, in northwestern Ohio. Call and examine these beautiful pianos at our warehouse, 141 South Main street.

All pianos sold on easy monthly payments.

Holleran Could Not Profit by a Lesson

And Will Return to the Toledo Prison Where Brushes Are Made.

New Charges Filed in the Cases Which Caused the Arrest of Two Women and Two Men.

The police department has not been able to apprehend Harry Gregory, the stranger who reported that he had been "rolled" for \$45 at the Little Casino, a resort, opposite the P. Ft. W. & C. passenger depot, but all of the prisoners who were arrested in the case are not destined to escape simply because there is no prosecuting witnesses in the robbery case. "Mick" Holleran, one of the persons known to have been in the resort at the time Gregory was there, was arraigned before Mayor Robb yesterday afternoon on the charge of resorting to a house of bad repute. Holleran only returned to Lima a few days ago, after some friends had secured his release from the work house on the promise that he would go to work and keep aloft of such resorts as the "Little Casino" and this time he will return to the "brush factory" to work out a fine of \$25 and costs and serve an additional sentence of thirty days imprisonment.

### Proprietress Pleads Guilty.

Today, Katherine Nugent, proprietress of the resort in which the robbery is alleged to have occurred, was arraigned on a charge of conducting an improper place. She pleaded not guilty and the case was to have been tried this afternoon but she changed her plea to "guilty" before any witnesses were examined. Mayor Robb sentenced her to pay a fine of \$5 and costs, and to serve 60 days in the Toledo work house. She has not yet been committed, however, and will not be if she keeps her promise to retire from the saloon business and close up the resort she has been running.

### Fined Five and Costs.

This afternoon, R. M. Taylor, locked up a blacksmith on east Elm street, because George Huffman was endeavoring to remove his tools out of the building without having paid the rent. Huffman battered the door down with a sledge hammer and was then arrested and fined \$5 and costs for malicious destruction of property.

Lady Entertained By Society at Ada.

Recently Mrs. Maglott met at Lima, Miss Mina Kitamura, a Japanese lady, who is a student at Defiance college, and invited her to come to Ada to be the guest and speak to the Current Events Club, says the Ada Record.

Miss Kitamura came to America five years ago with some returning missionaries. She adopted the American mode of dress, but Monday evening for the delectation of the ladies she donned a gown of her native costume. She speaks our language quite fluently and is a very intelligent and witty young lady.

She exhibited to the guests a number of curios from Japan and altogether it was a very profitable as well as pleasurable evening for the club.

Cleveland, O., Nov. 11—Charles F. Carlton, alias C. C. Lawrence, and George Harris, alias F. G. Flanders, were each sentenced to four and a half years in the penitentiary and each fined \$500 by Judge Wandy in the United States district court today.

The men had been convicted on the charge of using the mails to defraud Charles G. Carrao, alias Charles G. Flander, who was associated with Carlton and Harris, and who pleaded guilty several days ago, was sentenced to one year and a half in the penitentiary and fined \$500. Under the name of C. C. Lawrence & Co., the three men operated a brokerage office. Harris was said to be an employee. The main business of the firm was selling the half interest of Carrao. Three different persons invested, paying prices ranging from \$750 to \$2,500. There was a count against each of the three men for each of the sales made. Carrao had pleaded guilty to one count and this was accepted while the other two men were convicted on all three of the counts. Such Is the Demand Made by Creditors of the Delaware Oil Company.

Damage Suit of Leon Blume Against the Lake Erie and Western Road Is Before the Jury Today.

If the application made this morning convinces the court of the necessity, another well known oil company that has passed through a successful venture, will be placed in the hands of a receiver. The petition filed this morning names T. J. Sherman et al. of the Sherman Oil Co. plaintiff vs. the Delaware Oil, Gas and Development Co. defendants, and asks that a receiver be appointed to take charge of the property for the benefit of the petitioners and other creditors.

The failure to meet the payment of a number of promissory notes, aggregating \$3,333.34, suggested an action for foreclosure of the defendant's property, which is involved in a sale of oil property and leases owned by the Sherman Oil Company, while the amount for which judgment is asked is less than \$4,000, there is fully \$1,200 involved in the action, and the court is informed by the allegations that a receiver is absolutely necessary to protect the interests of those who have claims for various amounts against the defendants. The petition was prepared by Ridenour & Halfhill.
